"Focusing on the mortality cases of wild birds by pesticides"
Shigemi KAI .................................................................................................................. 1
Research, educational activities and public relations for “Cutting Mibiyau” by
Kanagawa Prefectural Institute of Public Health
Hansyo AKIYAMA, Maki SUZUKI, Kanako ISUZUGA, Motomo TOMITA,
Shigemi KAI, Sangou KIM, Takaharu NEGORO, Yanako NAKANO and
Maki MIYAZAWA ........................................................................................................... 8

Short reports
Surveillance study to assure safety of food products and medicine
Examination of a fast method for detection of pesticides in foods related to health crisis management
Tetsu FUKUMITSU, Nochito KOSUGE, Masumi WAKI, Takahito HAYASHI and Hiroki KISHI ..... 14
Study on DNA extraction and purification method of rice processed foods using the silica-base type kit
for the detection of the genetically modified organism
Kiyami OHIMORI, Miki SHIMIZU, Yutaka TANAKA and Hissyo TSUCHIYA .................. 20
Study on simplification of DNA extraction and purification method of corn processed foods using the
ion-exchange resin type kit for the detection of the genetically modified organism
Kiyami OHIMORI and Hissyo TSUCHIYA ..................................................................... 24
Stability of pH value standard solution after sealing their package under refrigerated storage
Fumiaki SOTODATE, Kenichi KUMASAKA, Chikako HADA, Shigemi KAI ......................... 29

Surveillance study on the safety of living
Studies on analytical method of compositional standard items in carbonated mineral waters.
Volatile Organic Compounds
Hinato UEMURA, Fumi NAKANO, Manabu SATO, Iwao NISHI and Kiyomi TSUIJI ................. 32
Studies on analytical method of compositional standard items in carbonated mineral waters.
Antioxidants and inositol
Fumi NAKANO, Manabu SATO, Iwao NISHI, Kiyomi TSUIJI and Hinato UEMURA ............... 36

Data
Surveillance study on monitoring and prevention of infectious disease
Occurrence of enterohemorrhagic Escherichia coli in Kanagawa Prefecture (April, 2016-March, 2017)
Ichiro FUKUKAWA, Tomoki MASAOKA, Yuki NAKAJIMA and Toshio KUROKI .............. 42
Sazveillance of viral gastroenteritis in Kanagawa Prefecture (April, 2016-March, 2017)
Koichiro SUZUKI, Junya TAKAHASHI, Makio KONDO and Toshio KUROKI ................. 46
Epidemic of influenza in Kanagawa Prefecture (2016/2017 season)
Samu WATANABE, Sho KADEKARU, Takashi SANO, Makio KONDO and Toshio KUROKI .... 50

Surveillance study on the safety of living
Determination of radionuclides in foods using a NaI (TI) scintillation counter
Chikako KUWAKA, Keiye EJIMA ....................................................................................... 52

Abstracts of original papers by research staffs (April, 2016 - March, 2017) .................................. 55
